

It's hard to believe Fall is near. We closed out summer today with our community Labor Day Luau. Check out these neighbors, dressed in tropical, festive attire who came to hang out. Guests checked in at the Tiki Hut and received a Hawaiian lei symbolizing friendship and celebration. Everyone indulged in plenty of pineapple laced dishes and summertime favorites. Thank you to all our community volunteers who have worked hard this year to keep our community running smoothly, safe, fun and just a beautiful place to live! Happy Labor Day!
